### Position Description

Tired of the long commute?

Looking for a better work/life balance?

Why not consider an opportunity in the South West region of Sydney – it is one of the fastest growing regions in Australia, and **The Mac** is a leading provider of retail financial services to the local community.

We are currently recruiting two positions to enhance our front-line member service team with passionate people who are ready to start work immediately. **The Mac** has a dedicated focus on providing friendly, helpful and supportive service to both our valued members and internal and external customers.

We work a 35 hour week and you may be located at Camden, Picton or Tahmoor.
